As the Federation prepare for a counteroffensive against the Dominion, Colonel Kira Nerys struggles to prevent a galactic holocaust, Jake Sisko embarks on an impossible quest that could plunge Bajor into chaos, and the crews of Deep Space Nine and the Enterprise work together to stop a terrorist plot. Original.

William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to
prevent the quadrant from falling into chaos.

The first three novellas in the Alpha Security Company series in one volume! Finding Their Omega - Neve - No woman wants the attention of an alpha. Huge, brutal, dominant. They take what they want, no matter who, or what, it is. And now I have two focused on making me theirs. Claiming Their Omega - Mason - I’m an alpha. Top of the food chain. What I want, I take, simple as. And I want her. I don't care she's a beta, not an omega. She's mine. Then her ex starts sniffing around, and he really doesn't know what he's gotten himself into. We might wear suits now, but we haven't forgotten the monsters within. Saving Their Omega - Dante - No one takes what's ours. It’s suicidal. But she's gone, snatched off the street and now the monsters inside won't rest until she’s safely back with us. Whatever the cost. We can't lose her. She's our light, our soul. And god have mercy on whoever took what’s ours...

Adam and I are both going through identity crises of epic proportions as we Transition from who we were, and discover who we were meant to be. More Fae are dying, and I feel as if time is running out for us to find all of those responsible and put an end to the killings. The people I thought I could trust have betrayed me and the one person I should absolutely not trust; is taking me deeper and deeper into his world. Ryder's secrets are dangerous and devastating. With each touch and word, he pulls my heart closer to himself and at the same time he is trying to keep me at arm's length. The dance he and I have begun, is getting more complicated as our worlds are being shaken from all sides, and the visions of the future are frightening, and nothing like I had ever pictured for myself or those I care for. This time, destiny is taunting me. I had always thought that I controlled my destiny. Now, my rights are being taken from me by powerful people and leaving me with alternatives that range between bad and awful. This time, the choices I have to make can decide the fate of both worlds. Everything is unraveling, and nothing will ever be the same again. -Synthia

With the new colony world Harax Pras proving ideal for various con artists to take advantage of an optimistic population, no one is more a target than young Beta Dillour. The lone survivor of a space disaster, Beta quickly becomes a Harax Pras celebrity, and is befriended by everyone from socialites to grifters, to the secretive Buddy Shane. In hiding from terrorism charges after trying to steal a ship, Buddy sees space exploration missions as his best chance to escape, and sets about convincing Beta to believe him. Buddy needs the best pilot he can find, and first on the list is the famous Jupe Beggs, but no one knows where he is, or why he is also keen to not show his face.

On the eve of World War II, a promising young high school musician has his dreams and aspirations for a life in music suddenly interrupted by the call to war. With a fateful and circuitous path leading Arnald D. Gabriel to participate as a machine gunner with the 29th Infantry, on June 6, 1944-D-Day-he finds himself fighting for his country on Omaha Beach. However, from frontline combat and the horrors of war comes the story of a hero who will ultimately realize his dream. The Force of Destiny chronicles the journey of Colonel Arnald D. Gabriel as he navigates the challenges of war and its
aftereffects to eventually rise to the pinnacle of his profession as the commander and conductor of the United States Air Force Band in Washington, DC. Conducting in all fifty states and across the globe in fifty countries, Col. Gabriel is known worldwide for his innovative and powerful leadership style and his unique musical genius. Not just a hero in the music profession, his Bronze Stars and other combat awards speak to his heroism in defense of his country and its values. With a destiny in music and a fate that would shape his personal character and professional future, discover in his powerful story a quest of courage and triumph, magnificence and admiration, and the pursuit of excellence.

A sinister fire in a Copenhagen bookstore ignites a relentless hunt across four continents. Arson and murder reveal an insidious plot to steal a Bible that once belonged to Charles Darwin, the father of evolutionary theory. And Commander Gray Pierce dives headlong into a mystery that dates back to Nazi Germany . . . and to horrific experiments performed in a now-abandoned laboratory buried in a hollowed-out mountain in Poland. A continent away, madness ravages a remote monastery high in Nepal, as Buddhist monks turn to cannibalism and torture. Lisa Cummings, a young American doctor investigating the atrocity, is suddenly a target of a brutal assassin working for clandestine forces that want the affair buried at any cost. Lisa's only ally is a hidden pilgrim, Painter Crowe -- director of SIGMA Force, an elite command of American scientists and Special Forces operatives -- who is already showing signs of the baffling malady that destroyed the minds of the monks. Now it is up to Gray Pierce to save both Painter and Lisa -- and a world in jeopardy -- as SIGMA Force races to expose a century-old plot that threatens to destroy the current world order . . . and alter the destiny of humankind forever. Combining the historic scope of The Da Vinci Code with the relentless thrills of today's best action novels, James Rollins's Black Order is a classic adventure -- an ingenious and breathtaking tour de force that explodes with revelations . . . while offering a startling new view of our place in the grand scheme of existence.

A vegetable garden at home is the easiest way to ensure a great supply of juicy tomatoes all year round! You will not have to rely on the less-than-fresh produce available in supermarkets that are most likely filled with chemicals. Growing tomatoes at home means you can not only prepare a fresh salad every day, but also enjoy hours of fun in the garden. Tomatoes are one of the easiest plants to grow and with a little care you can savor a new tomato recipe every day. Whether you like them freshly chopped, sun dried, pickled or in sauces, tomatoes are a great source of nutrients that make your food tasty and fill it with nutritional goodness. Tomatoes are rich in vitamins and essential micronutrients. These juicy fruits contain micronutrients like folates and vitamins A, C, E, and K. Tomatoes are also rich in electrolytes like sodium and potassium as well as minerals like iron, manganese, calcium, zinc, phosphorus and magnesium. Thanks to the beta-carotene present in tomatoes, they offer a myriad of health benefits. Tomatoes are extremely low-fat and low-calorie, making them the perfect snack for your healthy everyday diet. The rich reserves of vitamins found in tomatoes make them an effective anti-oxidant that cleans the blood stream, improves eyesight, strengthens bones, and prevents cell damage.
Sugars, with a scientific term as saccharides, are involved in various aspects in the lives of human beings, including the sense of taste, energy for daily life, etc. Recent development in polysaccharides, as well as the background knowledge in this field, further deepens insight into their roles as healthy supplements. In this book, the principles on polysaccharides' solubility and structure, methodologies and application of polysaccharides have been reviewed. The chapters in this book include the relationship between structure and solubility of polysaccharide, the experimental and computational researches on polysaccharide solubility and the common polysaccharide, which may further aid scholars and researchers in regard to solubility of polysaccharides, methodologies and modification.

This volume is dedicated to Maurizio Gotti, in honour of his long and noteworthy academic career. Having served as Full Professor of the English Language and of English Language and Translation for more than two decades at the University of Bergamo, Italy, Gotti made significant contributions to multiple areas of study including specialized discourses, lexicography, history of the English language and language teaching. This wide-ranging collection brings together essays from these fields of inquiry authored by scholars whose academic input have interacted in various ways with ideas and topics introduced or extensively discussed by Gotti. The contributions are grouped into four theme-based sections representing the main threads in Gotti's research, from the macro area of specialised discourse to the more specific fields of research in academic and legal languages, while the fourth section includes contributions dealing with the history of English language, and is followed by a miscellaneous section which concludes the collection.

An accessible exploration of best-selling author's most famous work, The Map of Consciousness, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of consciousness. And with The Map of Consciousness, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values—along with a logarithmic scale of 1 to 1,000—became the Map of Consciousness, which Dr. Hawkins first wrote about in his best-selling book, Power vs. Force. With the Map, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt, Apathy, Fear, Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love, Ecstasy, Peace, and Enlightenment. These "higher" energy fields are a carrier wave of immense life energy. An essential primer on the late Dr. David R. Hawkins's teachings on human consciousness and their associated energy fields, The Map of Consciousness Explained offers readers an introduction and deeper understanding of the Map, with visual charts and practical applications to help them heal, recover, and evolve to higher levels of consciousness and energy. This book is a light unto the path of any individual who wants to become more effective in any area of life.
Can a gentle werewolf heal the heart of a smart-mouthed mage? NYT bestseller Gail Carriger, writing as G. L. Carriger, presents an offbeat gay romance in which a sexy werewolf with a white knight complex meets a bad boy mage with an attitude problem. Sparks (and other things) fly. Max fails everything - magic, relationships, life. So he works for DURPS (the DMV for supernatural creatures) as a sumage, cleaning up other mages' messes. The job sucks and he's in no mood to cope with redneck biker werewolves. Unfortunately, there's something oddly appealing about the huge, muscled Beta visiting his office for processing. Bryan AKA Biff (yeah, he knows) is gay but he's not out. There's a good chance Max might be reason enough to leave the closet, if he can only get the man to go on a date. Everyone knows werewolves hate mages, but Bryan is determined to prove everyone wrong, even the mage in question. Delicate Sensibilities? This story contains M/M sextimes and horrible puns. If you get offended easily, then you probably will. The ----San Andreas Shifter stories contain blue language, dirty deeds, and outright admiration for the San Francisco Bay Area. Not for the faint of heart (mouth/tongue/etc.). This book stands alone, but there is a prequel short story featuring Bryan's brother, Alec, the Alpha. Want to know why the pack moved? Read Marine Biology.

Sammy, a 14-year-old fugitive, accidentally discovers he has the powers of a Psion. Plucked off the streets, he is thrust into the rigorously-disciplined environment of Psion Beta headquarters. As a new Beta, Sammy must hone his newfound abilities using holographic fighting simulations, stealth training missions, and complex war games. His fellow trainees are other kids competing to prove their worth so they can graduate and contribute to the war effort. But the stifling competition at headquarters isolates Sammy from his peers. Learning to use his incredible abilities powers is difficult enough, but when things go horribly wrong on a routine training mission, he must rely on the other Betas to stay alive. The Silent War is at a tipping point; even one boy can be the difference. But to do so, he must survive.

Marco Walder releases a new edition of his sequel Let's Stay Together: The Untold Chronicles. In LST: The Untold Chronicles, you will experience all the emotion that captured your hearts in the first book and so much more. This time around, Marco connects with the reader as he speaks to you in a way that only he can, direct and personal from his experiences and those of others. LST: The Untold Chronicles is a compilation of articles, stories, and memoirs that will stimulate you physically and mentally. In this collection of narratives, you are introduced to valuable information and insights that will engage your mind and soul.

The million-copy bestseller, which is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling.

Tommy Biped (B-eye-ped) and his dog Buddy are off on another adventure. Join the wildlife on Jarvis Lake as they capture a prowler and save the Bipeds. All your favorites are back, Princess kali of the Felines, Phil and Adel Phia the Eagles, Harrelson
the King Fisher, Little Bird the Hummingbird and Aaliyah and Alexis the Swan Sisters. Buddy The Brave is the second in the Jarvis Lake series. Be watching for Queen Kili of the Felines!

ON the WINDS of DESTINY is a true story of a career woman who fell in love with a adventurous man. His dream was to sail around the world in his own sailboat. Betty has no boating experience and gets seasick. The thought of crossing the vast deep oceans and sea sickness, petrifies her; she doesn't want to go. The story is told through Betty's eyes and readers will be captivated as the story unfolds. Their love is tested when Bob almost dies. The doctors save him, but feel he will never fully recover. With tears in his eyes, Bob begs Betty to sail around the world with him, if gets better. His chances of complete recovery is slim so she promises to go. Bob recovers and holds Betty to her promise. With little enthusiasm she helps prepare Destiny for the trip. Soon she is caught up in the excitement, forgetting her fears until it's time to leave. Seven people are on board and Betty's the only woman. Squalls and hurricane -force winds pound unmercifully against Destiny and long days at sea try their patience. Sails blow out and twenty foot seas almost capsize the boat as they cross the Atlantic. Join this inspirational couple on their three year, 42000 mile adventure, around the world. Not only will you enjoy this great story, you'll feel your right there with them.

I don't need a babysitter. I can handle the danger on my own. Even though I have to admit, his dominant demeanor and rock-hard body did get my attention. Sassy, smart-mouthed shifter Emery Wilkins needs to lay low, when she points the finger at a dangerous criminal who put her father in jail. And now she has to play by the rules of Sage, her newly assigned personal bodyguard. But, will she? Sage Blaine takes care of others and that is what he does best. Although Emery is giving him a hard time, he is feeling that inner force pulling him towards her. He has to focus on his job to keep Emery safe, and shouldn't be distracted by his inner desires. Things heat up with the Kodiak bear shifters still seeking revenge, and a dangerous criminal looking for Emery. Will they make it safely through their journey and give into their feelings? Or, will their stubborn natures and outside forces keep this duo from finding their own happily-ever after? AUTHOR'S NOTE: This is a 21,000-word stand-alone paranormal romance story with HEA, so no cliff-hangers! This story includes BBW, alpha male, pregnancy, and wolf shifter topics. Story contains mature themes and language, and is intended for 18+ readers only.

"A beautiful, poised, and thought-provoking debut about love, loss, coming out, and discovering living life on your own terms." —New York Times bestselling author Kathleen Glasgow

There are two things that Corinne Parker knows to be true: that she is in love with Maggie Bailey, the captain of the rival high school's cross-country team and her secret girlfriend of a year, and that she isn't ready for anyone to know she's bisexual. But then Maggie dies, and Corinne quickly learns that the only thing worse than losing Maggie is being left heartbroken over a relationship no one knows existed. And to make things even more complicated, the only person she can turn to is Elissa—Maggie's ex, and the single person who understands how Corinne is feeling. As Corinne struggles to make sense of her grief and what she truly wants out of life, she begins to have
feelings for the last person she should fall for. But to move forward after losing Maggie, Corinne will have to learn to be honest with the people in her lifestarting with herself.

Summary of Destiny and Power: by Jon Meacham | Includes Analysis Preview: Destiny and Power: The American Odyssey of George Herbert Walker Bush by Jon Meacham is a biography of George H.W. Bush, the 41st president of the United States, who served from 1988 to 1992. The author argues that as president and as a politician, Bush used prudence and compromise to an extent that would seem out of place in today’s era of highly partisan US politics. George H.W. Bush had a varied career before winning the presidency: he was a Navy pilot, oilman, congressman, ambassador to the UN, envoy to China, head of the Republican Party, and later director of the CIA. In the executive branch, he first served as vice president of the United States under Ronald Reagan for eight years before beginning his own presidency... PLEASE NOTE: This is a summary and analysis of the book and NOT the original book. As General Martok’s war to win back his empire grows in fury, the truth about his past is revealed, leading to a final confrontation against his corrupt son and the woman he once loved. Only an ultimate sacrifice will enable him to reclaim what was taken from him and fulfill his dream of creating a Klingon 'Camelot'. Honour, betrayal, the ties of blood and the warrior ethic: all the most powerful elements of Klingon life are here in a tale which fans will love.

With the week of their wedding finally upon them, Washington, D.C., Police Lieutenant Sam Holland and her fiancé, Senator Nick Cappuano, are at odds. In the aftermath of a tragic loss, they struggle to reconnect as the big day draws near and their work keeps pulling them apart. When a new clue in a cold case surfaces, Nick asks Sam not to take any foolish chances before the wedding and to leave it alone for the time being. Sam agrees, but she can't let it go entirely and winds up trapped in an explosive situation. Then an unwelcome visitor from her past threatens her future happiness. With trouble at every turn, will Sam survive long enough to walk down the aisle?

One of Entertainment Weekly's 27 Female Authors Who Rule Sci-Fi and Fantasy Right Now and the riveting conclusion to the Kingmaker Chronicles! GODS. I'M AN IDIOT. Without Griffin—and apparently a few meddling Gods—to push me along, I'd still be telling fortunes at the circus, lying about my past, ignoring my future, and living as far away from my tyrant mother as humanly possible. True understanding thuds into place. Hope isn't just an abstract concept; it's me. Flesh and blood me. Griffin knew it all along. Probably everyone did. I'm an idea in human form. I have the power of the Gods at my fingertips. The only thing ever stopping me has been me. The Kingmaker Chronicles: A Promise of Fire (Book 1) Breath of Fire (Book 2) Heart on Fire (Book 3) Praise for the Kingmaker Chronicles: A NPR Best Book of 2016 A Kirkus Reviews Best Book of 2016 A Washington Post Best Romance of the Month A Bustle Best Romance of 2016 Readers are raving about the Kingmaker Chronicles "A heart-pounding and joyous romantic adventure. "This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In We're Not Broken, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

"Starred Review. Reeves deploys his considerable writing skill in portraying Rutherford's personality capturing the full aspect of the man."—Booklist Born in colonial New Zealand, Ernest Rutherford grew up on the frontier—a different world from Cambridge, to which he won a scholarship at the age of twenty-four. His work revolutionized modern physics. Among his discoveries were the orbital structure of the atom and the concept of the "half-life" of radioactive materials. Rutherford and the young men working under him were the first to split the atom, unlocking tremendous forces—forces, as Rutherford himself predicted, that would bring us the atomic bomb. In Richard Reeves's hands, Rutherford comes alive, a ruddy, genial man and a pivotal figure in scientific history.

soothsayer in a traveling circus. She is perfectly content avoiding the danger and destiny the Gods-and her homicidal mother-have saddled her with. That is, until Griffin, an ambitious warlord from the magic-deprived south, fixes her with his steely gaze and upsets her illusion of safety forever. Griffin knows Cat is the Kingmaker, the woman who divines the truth through lies. He wants her as a powerful weapon for his newly conquered realm—until he realizes he wants her for much more than her magic. Cat fights him at every turn, but Griffin's fairness, loyalty, and smoldering advances make him increasingly hard to resist and leave her wondering if life really does have to be short, and lived alone. In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates—and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision—that command of the air is all important in modern warfare—has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

A thrilling original novel set in the universe of Star Trek: The Next Generation / Deep Space Nine! In 2367, Captain Benjamin Maxwell of the starship Phoenix ordered the destruction of a Cardassian warship and a supply vessel, killing more than six hundred crew members. Maxwell believed that the Cardassians were arming for a new attack on the Federation, and though history eventually proved he was probably correct, the Federation had no choice but to court martial and incarcerate him. Almost twenty years have passed, and now Maxwell is a free man, working as a maintenance engineer on the private

Star Trek's grittiest and most challenging series may have reached its climactic conclusion on the television screen, but all-new adventures on the frontiers of Federation space continue between the covers of Pocket Books. In the aftermath of the Dominion War that brought the Star Trek universe to the brink of ruin, space station Deep Space Nine - the galaxy's nexus of military and scientific intrigue, situated as it is on the wormhole that links two quadrants - once again becomes a flashpoint of impending Armageddon when a surprise attack cripples the station, killing the First Officer and threatening the fragile peace. Colonel Kira and the surviving crew of DS9 - along with four controversial new officers - are all that stand against the outbreak of a new conflict and a doom foretold by the Prophets to coincide with the birth of Captain Benjamin Sisko's child. Meanwhile, Captain Jean-Luc Picard and the crew of the USS Enterprise make a startling discovery, one that will determine the course of an entire civilisation and profoundly affect the lives of the crew of Deep Space Nine.

Eve was the most hated child of the family. She was always treated as a slave in her own house. She was being punished for the mistake she had never made. Her mother made that mistake but in return, she had always hated Eve. Not just that, she had tried to kill Eve many times but every time she survived. Her brothers also hated her as well. Then one day they decided to punish her the worst way. They decided to sell Eve to their Master. The vampire who is known as the boogie man for all the children and demon for the adults. Everyone feared him. Will this be an opportunity for Eve or will her life be worse than death?
