Tort Law: Principles in Practice Tort law is a core element of every law degree in England and Wales. Unlocking Torts will ensure you grasp the main concepts with ease. This book explains in detailed, yet straightforward, terms: Negligence and negligence related torts including occupiers' liability and employers' liability Land based torts such as trespass, nuisance and Rylands v Fletcher Liability for animals Torts relating to goods Trespass to the person Defamation and other torts relating to reputation Economic torts, breach of a statutory duty, vicarious liability, defences and remedies The fourth edition is fully up to date with the major recent cases including major developments in vicarious liability. It also includes changes after the Defamation Act 2013. The Unlocking the Law series is designed specifically to make the law accessible. Each chapter opens with a list of aims and objectives, contains activities such as quick quizzes and self-test questions, key facts charts to consolidate your knowledge, and diagrams to aid learning. Cases and judgments are prominently displayed, as are primary source quotations. Summaries help check your understanding of each chapter, there is a glossary of legal terminology. New features include problem questions with guidance on answering, as well as essay questions and answer plans, plus cases and materials exercises. All titles in the series follow the same formula and include the same features so students can move easily from one subject to another. The series covers all the core subjects required by the Bar Council and the Law Society for entry onto professional qualifications as well as popular option units. The series website www.unlockingthelaw.co.uk provides free resources such as multiple choice questions, key questions and answers, revision mp3s and cases and materials exercises.

Key Cases: the English Legal System The Key Cases series provides a portable and effective way for you to absorb and retain the essential facts needed to pass your exams effortlessly. Key features include: * Diagrams to summarise the key points * Expert selection of cases * Recognisable and memorable elements, including the key facts, key law, key principles, key judgments, key comments and key problems as appropriate in each case. * Cases for comparison and contrast are highlighted to illustrate alternative opinions and perspectives Supporting resources are available at www.UnlockingTheLaw.co.uk where you will find extensive revision materials including MCQs and Key Q&As

Landmark Cases in Property Law Contains the essential cases required to study the English Legal System module of an undergraduate LLB or GDL/CPE law degree in a format that is convenient and which breaks the key law down into helpful sections.

Occupiers' Liability in Tort Law Landmark Cases in Property Law explores the development of basic principles of property law in leading cases. Each chapter considers a case on land, personal property or intangibles, discussing what that case contributes to the dominant themes of property jurisprudence – How are property rights acquired? What is the content of property rights? What are the limits or boundaries of property? How are property rights extinguished? Individually and collectively, the chapters identify a number of important themes for the doctrinal development of property institutions and their broader justification. These themes include: the obscure and incremental development of seemingly foundational principles, the role of instrumentalism in property reasoning, the influence of the law of tort on the scope of property doctrines, and the impact of Roman legal reasoning on the common law of property. One or more of these themes (and others) is revealed through careful case analysis in each chapter, and they are collected and critically explored in the editors' introductions. This makes for a coherent and provocative collection, and ensures that Landmark Cases in Property Law will be lively and essential reading for scholars, practitioners, and all those interested in the development of property principles at law.

Key Cases: Tort Law This new Text, Cases and Materials adopts a modern approach to the law of tort, presenting the key cases and statutes alongside a selection of the most important critical writings on the law. A variety of critical perspectives (economic, leftist, feminist, etc) are explored. The aim throughout is to present tort law as a living entity, responding to contemporary stimuli at each stage of its development. Each section begins with a textual introduction by the authors; more detailed commentary follows the extracts. It will be useful both as a stand-alone coursebook and also as a traditional sourcebook supplementing an independent text. Tort Law is easier to follow and more suitable for use as a stand-alone coursebook than many of its competitors for several reasons. First, it includes a higher proportion of text to extracts; it also incorporates a greater number of extracts from critical writings on the law, thus representing a wider range of critical perspectives than are found in rival sourcebooks.
