committed, and the terrifying aftermath.Edgar Allan Poe's The Murders in the Rue Morgue represents the beginning of crime fiction. The mystery was first published in Graham's Magazine in 1841 and has been recognized as the first detective story. Poe referred to it as one of his "tales of rationalization." As the first fictional detective, Poe's Dupin displays many traits which became literary conventions in subsequent fictional detective stories including Sherlock Holmes and Hercule Poirot. Many characters, for example, follow Poe's model of the brilliant detective, his personal friend who serves as narrator, and the final reveal being presented before the reasoning that leads up to it. Dupin himself reappears in The Mystery of Marie Rogêt and The Purloined Letter.Zille Adeleia remembers when the soul of Or sha hummed with magic. Burners ignited flames, Tiders beckoned waves, and Ziele's Reaper mother summoned forth souls. But everything changed the night magic disappeared. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and could stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her theerry determination to cut out a successful life. — From publisher description.Inspired by Poe's own tragic life, the short story clearly presages Freud's method of psychoanalysis. In a very Fight-club-like plot and situations, "William Wilson" is a journey within the mind. Some sixty years prior to Freud's clinical work and theoretical developments, Poe's story is an example of the rise of the psychological genre in literature. A fruitiful, and at the same time paranoid, the theme of the doppelganger runs strong in Edgar Allan Poe's fiction. From "The Fall of the House of Usher" to "Morella" and "Ligeia", Poe's characters are constantly harassed by conscious entities that mirror the chaos within the protagonists' unconscious. The influence of "William Wilson" can be felt in the proliferation of contemporary movies exploring the idea of the double, such as Hitchcock's "Vertigo" (1958), Basic Instinct's "The Man Who Haunted Himself" (1970) or Darren Aronofsky's "Black Swan" (2010). Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843). Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfills his purpose, only to be lost in a battle with his sandy and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed.
